IN THE NEWS: ROUNDUP® UPDATE

Glyphosate-based herbicides, which include most Roundup® products are among the most rigorously studied products of their kind. With the recent focus on Roundup® products in the news, here are some facts industry professionals should know:

- Roundup® (Glyphosate) has been used safely for more than 40 years
- The U.S. Environmental Protection Agency (EPA), European Food Safety Authority (EFSA) and many others conclude that glyphosate-based products are not carcinogenic
- Bayer.com/glyphosate is a valuable resource for additional information on product benefits, science and safety
