# THE MITOGROW™ DIFFERENCE

## WHY YOU SHOULD USE MITOGROW™ FOR TREE CARE

Through its proprietary delivery systems, MitoGrow™ has made IBA\* accessible in all stages of a tree's life cycle, and by all methods of treatment.

MitoGrow™ helps trees establish a well-developed root system by stimulating the growth of feeder roots that are then able to take in more nutrient and water in times of distress, such as drought.

*\*IBA PRODUCES LARGER ROOT MASSES BY ACCELERATING THE RATE OF MITOSIS IN PLANTS & TREES IN WHICH IT IS APPLIED*

#4186 | 1 LB.

### USER BENEFITS

- Simple applications that do not require training
- Chemical licensing is not needed
- Products are easily added to current tree care routines
